PROFESSIONAL SUMMARY

I am a passionate and detail-oriented web developer with a Level 5 Diploma in Computer Science and hands on experience in building full stack web applications using PHP, MySQL, JavaScript, HTML, and CSS. Skilled in problem-solving and writing clean, maintainable code. Eager to deliver high-quality solutions and grow professionally through freelance and collaborative projects.

TECHNICAL SKILLS

- Programming: PHP, JavaScript, HTML5, CSS3, SQL, Python

- Frameworks/Libraries: React (basic)

- Tools & Platforms: Git, VS Code, NetBeans

- Databases: MySQL

SOFT SKILLS

- Effective communication

- Team collaboration

- Problem-solving mindset

- Adaptability and quick learning

- Time management and organization

- Client relationship management (freelance)

PROJECTS & FREELANCE EXPERIENCE

Freelance Web Developer

- Developed custom websites and web applications for small businesses and personal clients using PHP, JavaScript, and MySQL.

- Delivered responsive, user-friendly designs with cross-browser compatibility.

- Managed client communications and project timelines independently.

Seabrock Event Management Website

Built a PHP & MySQL web app for event registration and management featuring user authentication and CRUD operations.

Smart Inventory Management System

Created a full-stack inventory management web app with user login, product CRUD operations, and dashboard statistics.

Delish Restaurant Website

Designed and implemented a multi-page responsive restaurant website with an online reservation system and PHP backend.

WORK EXPERIENCE

Warehouse Operative – J.P. Boden & Co

08/2020 – Present

- Trained new staff, managed inventory tasks, and maintained operational efficiency.

Factory Worker – Norman & Underwood
